Statement on the use of conflict minerals ¹⁾

Dear Customer

We receive ongoing questions about the use of conflict materials. Please understand that due to the large number of requests no specific questionnaires can be filled out. We hope that this letter contains the information you are seeking.

Leister Technologies AG is aware of its social responsibility with regard to the environment, safety, health and human rights and understands that its conduct in business transactions impacts on society and the environment.

According to our current state of knowledge Leister Technologies AG products and components contain neither directly nor indirectly conflict minerals from mines that are funded or sponsored by armed groups in the Democratic Republic of Congo or adjoining countries.

Sincerely Yours
Leister Technologies AG
